The Cable Cord Tire is outstanding in its deneral merits.

It is not a tire of one feature only.

The experience of the oldest, the most efficiently organized and universally established rubber industry is built into DUNLOP Tires.

They embody every worthwhile feature of construction that makes a tire reliable under all conditions of road service.

No exceptional claim may be made for any design of tire that is not also representative of DUNLOP Tires.

In the treatment of frictioned fabric the recen In the treatment of frictioned fabric the pure woodstoon is applied under pressure, thus thoroughly impregnating each ply of cord in the body of the tire. No other method so effectively combines the requisite strength with elastic flexibility.

"Over the Hills and Far Away"—Isn't That What You Want?

To get away from town. To enjoy the health and happiness the country offers. To listen to surf tumbling on the beaches. To try those lakes and rivers with rod and fty. To rest your eyes on blue and green, after the pavement's glare. To fill own lungs with sea and forest-tanged air.

You Can Do It-Cheaply, Comfortably, Safely

In any of our palatial safety coaches. Look over this list of suggestions. Pick

one to suit your purse or mood.
